The Journal of Social Psychology, 1995, *135*(6), 789–795

Index to Volume 135

This annual index is organized by first author and by title. Page numbers refer to the following issues:

Number 1 (February): 1–120
Number 2 (April): 121–268
Number 3 (June): 269–412
Number 4 (August): 413–540
Number 5 (October): 541–668
Number 6 (December): 669–796

AUTHOR INDEX

Ali, A. J., & Azim, A. *Work ethic and loyalty in Canada.* 31–37.

Bagley, C. *Field independence in children in group-oriented cultures: Comparisons from China, Japan, and North America.* 523–525.

Bell, J., Grekul, J., Lamba, N., Minas, C., & Harrell, W. A. *The impact of cost on student helping behavior.* 49–56.

Bergadaà, M., Faure, C., & Perrien, J. *Enduring involvement with shopping.* 17–25.

Berzonsky, M. D. *Public self-presentations and self-conceptions: The moderating role of identity status.* 737–745.

Burley, K. A. *Family variables as mediators of the relationship between work–family conflict and marital adjustment among dual-career men and women.* 483–497.

Carr, S. C., MacLachlan, M., Zimba, C. G., & Bowa, M. *Community aid abroad: A Malawian perspective.* 781–783.

Carr, S. C., MacLachlan, M., Zimba, C. G., & Bowa, M. *Managing motivational gravity in Malawi.* 659–662.

Chantal, Y., Vallerand, R. J., & Vallières, E. F. *Motivation and gambling involvement.* 755–763.

Chebat, J-C., Laroche, M., Badura, D., & Filiatrault, P. *Affect and memory in advertising: An empirical study of the compensatory processes.* 425–437.

Chithprabha, K., & Kanekar, S. *A comparison of urban and rural students on scholastic and related variables.* 117–118.

Comunian, A. L., & Gielen, U. P. *Moral reasoning and prosocial action in Italian culture.* 699–706.

Cover, J. D. *The effects of social contact on prejudice.* 403–405.

Dabul, A. J., Bernal, M. E., & Knight, G. P. *Allocentric and idiocentric self-description and academic achievement among Mexican American and Anglo American adolescents.* 621–630.

Damji, T., & Lee, C. M. *Gender role identity and perceptions of Ismaili Muslim men and women.* 215–223.

Diaz-Veizades, J., Widaman, K. F., Little, T. D., & Gibbs, K. W. *The measurement and structure of human rights attitudes.* 313–328.

Durrheim, K., & Foster, D. *The structure of sociopolitical attitudes in South Africa.* 387–402.

Eshel, Y., & Dicker, R. *Congruence and incongruence in perceived ethnic acceptance among Israeli students.* 251–262.

Fink, B., & Wild, K-P. *Similarities in leisure interests: Effects of selection and socialization in friendships.* 471–482.

Guerin, B. *Social influence in one-to-one and group situations: Predicting influence tactics from basic group processes.* 371–385.

Guerin, B. *The use of group views when giving opinions about unknown, group-salient, or neutral items.* 57–61.

Haghighatgou, H., & Peterson, C. *Coping and depressive symptoms among Iranian students.* 175–180.

Hamid, P. N., & Lok, D. *Gender stereotyping in estimates of intelligence in Chinese students.* 407–409.

Hart, I., & Poole, G. D. *Individualism and collectivism as considerations in cross-cultural health research.* 97–99.

Hayes, A. F. *Age preferences for same- and opposite-sex partners.* 125–133.

Heine, S. J., & Lehman, D. R. *Social desirability among Canadian and Japanese students.* 777–779.

Henderson, K V., Goldsmith, R. E., & Flynn, L. R. *Demographic characteristics of subjective age.* 447–457.

Hermand, D., Mullet, E., & Coutelle, B. *Perception of the combined effect of smoking and alcohol on health.* 167–174.

Hon, C. C., & Watkins, D. *Evaluating a social skills training program for Hong Kong students.* 527–528.

House, J. D. *The predictive relationship between academic self-concept, achievement expectancies, and grade performance in college calculus.* 111–112.

Johnson, D. W., Johnson, R. T., Dudley, B., & Magnuson, D. *Training elementary school students to manage conflict.* 673–686.

Jou, Y. H., & Fukada, H. *Effect of social support from various sources on the adjustment of Chinese students in Japan.* 305–311.

Jou, Y. H., & Fukada, H. *Effects of social support on adjustment of Chinese students in Japan.* 39–47.

Karasawa, M. *Group distinctiveness and social identity of a low-status group.* 329–338.

Kishton, J. M., & Dixon, A. C. *Self-perception changes among sports camp participants.* 135–141.

Kowner, R. *The effect of physical attractiveness comparison on choice of partners.* 153–165.

Kroeger, N. W. *Person–environment fit in the final jobs of retirees.* 545–551.

Kruger, L. J., Bernstein, G., & Botman, H. *The relationship between team friendships and burnout among residential counselors.* 191–201.

Larsen, K. S. *Environmental waste: Recycling attitudes and correlates.* 83–88.

Leaper, C. *The use of* masculine *and* feminine *to describe women's and men's behavior.* 359–369.

Lester, D. *An extension of the association between population density and mental illness to suicidal behavior.* 657–658.

Levy, G., Lysne, M., & Underwood, L. *Children's and adults' memories for self-schema consistent and inconsistent content.* 113–115.

Lu, L. *Life events, social support, and depression among Taiwanese female homemakers.* 185–190.

Lu, L. *The relationship between subjective well-being and psychosocial variables in Taiwan.* 351–357.

MacEwen, K. E., Barling, J., Kelloway, E. K., & Higginbottom, S. F. *Predicting retirement anxiety: The roles of parental socialization and personal planning.* 203–213.

Mackoy, R. D., Dröge, C., & Halstead, D. *Effects of temporal focus on the relationship between expectations and evaluation.* 107–109.

MacLachlan, M., Mapundi, J., Zimba, C. G., & Carr, S. C. *The acceptability of a Western psychometric instrument in a non-Western society.* 645–648.

Maltby, J. *Personality, prayer, and church attendance among U.S. female adults.* 529–531.

Marjoribanks, K. *Factors affecting the learning environments and school-*

related outcomes of Australian adolescents. 89–95.
Martin, R., & Davids, K. *The effects of group development techniques on a professional athletic team.* 533–535.
Martinez, J. C. *Risk taking on gender-typed tasks following an assignment based on sex.* 573–579.
Mason, E. S. *Gender differences in job satisfaction.* 143–151.
McAndrew, F. T., & Akande, A. *African perceptions of Americans of African and European descent.* 649–655.
Mohr, P. B., & Luscri, G. *Social work orientation and just world beliefs.* 101–103.
Napieralski, L. P., Brooks, C. I., & Droney, J. M. *The effect of duration of eye contact on American college students' attributions of state, trait, and test anxiety.* 273–280.
Nevo, B., & Majeed Bin Khader, A. *Cross-cultural, gender, and age differences in Singaporean mothers' conceptions of children's intelligence.* 509–517.
Ng, S. H., Dunne, M., & Cataldo, M. *Feminist identities and preferred strategies for advancing women's positive self-concept.* 561–572.
Organ, D. W., & Lingl, A. *Personality, satisfaction, and organizational citizenship behavior.* 339–350.
Orpen, C. *The effects of mentoring on employees' career success.* 667–668.
Parker, K. D., Weaver, G., & Calhoun, T. *Predictors of alcohol and drug use: A multi-ethnic comparison.* 581–590.
Patch, M. E. *The effect of asymmetrical use of metacommunicative behavior on judgments of power.* 747–753.
Platow, M. J., & Shave, R. *Social value orientations and the expression of achievement motivation.* 71–81.
Poole, G. D., & Ting, K. *Cultural differences between Euro-Canadian and Indo-Canadian maternity patients.* 631–644.
Posson, T. R., & Jackson, T. T. *Differing attitudes toward people who have AIDS.* 105–106.
Ray, J. J., & Hall. G. P. *Are environmentalists radical or conservative? Some Australian data.* 225–228.
Ray, J. J., & Hall. G. P. *Need for affiliation and group identification.* 519–521.
Remland, M. S., Jones, T. S., & Brinkman, H. *Interpersonal distance, body orientation, and touch: Effects of culture, gender, and age.* 281–297.
Richer, S. F., & Vallerand, R. J. *Supervisors' interactional styles and subordinates' intrinsic and extrinsic motivation.* 707–722.
Rigby, K. *The motivation of Australian adolescent schoolchildren to engage in group discussions about bullying.* 773–774.
Rind, B., Jaeger, M., & Strohmetz, D. B. *Effect of crime seriousness on simulated jurors' use of inadmissible evidence.* 417–424.
Robbins, P. R., & Tanck, R. H. *University students' preferred choices for social support.* 775–776.
Rubinstein, G. *Authoritarianism in Israeli society.* 237–249.
Schiavo, R. S., Kobashi, K., Quinn, C., Sefscik, A., & Synn, K. M. *Territorial influences on the permeability of group spatial boundaries.* 27–29.
Senécal, C., Koestner, R., & Vallerand, R. J. *Self-regulation and academic procrastination.* 607–619.
Sheehan, E. P. *Affective responses to employee turnover.* 63–69.
Shkodriani, G. M., & Gibbons, J. L. *Individualism and collectivism among university students in Mexico and the United States.* 765–772.
Sinha, S. P., Nayyar, P., & Mukherjee, N. *Perception of crowding among children and adolescents.* 263–268.
Sólis-Cámara, P., & Fox, R. A. *Parenting among mothers with young children in Mexico and the United States.* 591–599.
Spangenberg, J. J., & Pieterse, C. *Stressful life events and psychological status in Black South African women.* 439–445.
Stahelski, A. J., & Paynton, C. F. *The*

effects of status cues on choices of social power and influence strategies. 553–560.
Stevick, R. A., & Addleman, J. A. *Effects of short-term volunteer experience on self-perceptions and prosocial behavior.* 663–665.
Tjosvold, D. *Effects of power to reward and punish in cooperative and competitive contexts.* 723–736.
Travis, R. A., & Kohli, V. *The birth order factor: Ordinal position, social strata, and educational achievement.* 499–507.
Uraz, G., & Aydin, O. *The effect of self-serving attribution on attraction in additive- and conjunctive-task groups.* 229–235.
Volkema, R. J., & Bergmann, T. J. *Conflict styles as indicators of behavioral patterns in interpersonal conflicts.* 5–15.
Vrugt, A. J., & Nauta, M. C. *Subtle prejudice against women in the Netherlands.* 601–606.
Wagstaff, G. F., & Rowledge, A. M. *Stoicism: Its relation to gender, attitudes toward poverty, and reactions to emotive material.* 181–184.
Wang, A. Y., & Nguyen, H. T. *Passionate love and anxiety: A cross-generational study.* 459–470.
Weider-Hatfield, D., & Hatfield, J. D. *Relationships among conflict management styles, levels of conflict, and reactions to work.* 681–698.
Whitehead, G. I. III, & Smith, S. H. *Public and private attributions to luck as a function of social anxiety.* 537–539.
Wiederman, M. W., & Sensibaugh, C. C. *The acceptance of legalized abortion.* 785–787.
Yinon, Y., & Levian, E. *Presence of other drivers as a determinant of traffic violations.* 299–304.

TITLE INDEX

The acceptability of a Western psychometric instrument in a non-Western society. *Malcolm MacLachlan, Jotham Mapundi, Charles G. Zimba, & Stuart C. Carr.* 645–648.
The acceptance of legalized abortion. *Michael W. Wiederman & Christine Cregan Sensibaugh.* 785–787.
Affect and memory in advertising: An empirical study of the compensatory processes. *Jean-Charles Chebat, Michel Laroche, Daisy Badura, & Pierre Filiatrault.* 425–437.
Affective responses to employee turnover. *Eugene P. Sheehan.* 63–69.
African perceptions of Americans of African and European descent. *Francis T. McAndrew & Adebowale Akande.* 649–655.
Age preferences for same- and opposite-sex partners. *Andrew F. Hayes.* 125–133.
Allocentric and idiocentric self-description and academic achievement among Mexican American and Anglo American adolescents. *Amy J. Dabul, Martha E. Bernal, & George P. Knight.* 621–630.
Are environmentalists radical or conservative? Some Australian data. *John J. Ray & Geoff P. Hall.* 225–228.
Authoritarianism in Israeli society. *Gidi Rubinstein.* 237–249.
The birth order factor: Ordinal position, social strata, and educational achievement. *Russell Travis & Vandana Kohli.* 499–507.
Children's and adults' memories for self-schema consistent and inconsistent content. *Gary Levy, Mark Lysne, & Laura Underwood.* 113–115.
Community aid abroad: A Malawian perspective. *Stuart C. Carr, Malcolm MacLachlan, Charles G. Zimba, & Mabvuto Bowa.* 777–779.
A comparison of urban and rural students

on scholastic and related variables. *Kudlu Chithprabha & Suresh Kanekar.* 117–118.
Conflict styles as indicators of behavioral patterns in interpersonal conflicts. *Roger J. Volkema & Thomas J. Bergmann.* 5–15.
Congruence and incongruence in perceived ethnic acceptance among Israeli students. *Yohanan Eshel & Roni Dicker.* 251–262.
Coping and depressive symptoms among Iranian students. *Hedieh Haghighatgou & Christopher Peterson.* 175–180.
Cross-cultural, gender, and age differences in Singaporean mothers' conceptions of children's intelligence. *Baruch Nevo & Abdul Majeed Bin Khader.* 509–517.
Cultural differences between Euro-Canadian and Indo-Canadian maternity patients. *Gary D. Poole & Kathleen Ting.* 631–644.
Demographic characteristics of subjective age. *Kenneth V. Henderson, Ronald E. Goldsmith, & Leisa R. Flynn.* 447–457.
Differing attitudes toward people who have AIDS. *Teresa R. Posson & Thomas T. Jackson.* 105–106.
The effect of asymmetrical use of metacommunicative behavior on judgments of power. *Michael E. Patch.* 747–753.
Effect of crime seriousness on simulated jurors' use of inadmissible evidence. *Bruce Rind, Marianne Jaeger, & David B. Strohmetz.* 417–424.
The effect of duration of eye contact on American college students' attributions of state, trait, and test anxiety. *Laura P. Napieralski, Charles I. Brooks, & Joylin M. Droney.* 273–280.
The effect of physical attractiveness comparison on choice of partners. *Rotem Kowner.* 153–165.
The effect of self-serving attribution on attraction in additive- and conjunctive-task groups. *Giray Uraz & Orhan Aydin.* 229–235.
Effect of social support from various sources on the adjustment of Chinese students in Japan. *Yuh Huey Jou & Hiromi Fukada.* 305–311.
The effects of group development techniques on a professional athletic team. *Robin Martin & Keith Davids.* 533–535.
The effects of mentoring on employees' career success. *Christopher Orpen.* 663–665.
Effects of power to reward and punish in cooperative and competitive contexts. *Dean Tjosvold.* 723–736.
Effects of short-term volunteer experience on self-perceptions and prosocial behavior. *Richard A. Stevick & John A. Addleman.* 663–665.
The effects of social contact on prejudice. *J. Daniel Cover.* 403–405.
Effects of social support on adjustment of Chinese students in Japan. *Yuh Huey Jou & Hiromi Fukada.* 39–47.
The effects of status cues on choices of social power and influence strategies. *Anthony J. Stahelski & Carolyn F. Paynton.* 553–560.
Effects of temporal focus on the relationship between expectations and evaluation. *Robert D. Mackoy, Cornelia Dröge, & Diane Halstead.* 107–109.
Enduring involvement with shopping. *Michelle Bergadaà, Corrine Faure, & Jean Perrien.* 17–25.
Environmental waste: Recycling attitudes and correlates. *Knud S. Larsen.* 83–88.
Evaluating a social skills training program for Hong Kong students. *Chung Chiang Hon & David Watkins.* 527–528.
An extension of the association between population density and mental illness to suicidal behavior. *David Lester.* 657–658.
Factors affecting the learning environments and school-related outcomes of Australian adolescents. *Kevin Marjoribanks.* 89–95.
Family variables as mediators of the relationship between work–family conflict and marital adjustment among dual-career men and women. *Kim A. Burley.* 483–497.
Feminist identities and preferred strategies for advancing women's positive

self-concept. *Sik Hung Ng, Michael Dunne, & Mima Cataldo.* 561–572.
Field independence in children in group-oriented cultures: Comparisons from China, Japan, and North America. *Christopher Bagley.* 523–525.
Gender differences in job satisfaction. *E. Sharon Mason.* 143–151.
Gender role identity and perceptions of Ismaili Muslim men and women. *Tasleem Damji & Catherine M. Lee.* 215–223.
Gender stereotyping in estimates of intelligence in Chinese students. *P. Nicholas Hamid & David Lok.* 407–409.
Group distinctiveness and social identity of a low-status group. *Minoru Karasawa.* 329–338.
The impact of cost on student helping behavior. *Jennifer Bell, Jana Grekul, Navjot Lamba, Christine Minas, & W. Andrew Harrell.* 49–56.
Individualism and collectivism among university students in Mexico and the United States. *Gina M. Shkodriani & Judith L. Gibbons.* 765–772.
Individualism and collectivism as considerations in cross-cultural health research. *Indra Hart & Gary D. Poole.* 97–99.
Interpersonal distance, body orientation, and touch: Effects of culture, gender, and age. *Martin S. Remland, Tricia S. Jones, & Heidi Brinkman.* 281–297.
Life events, social support, and depression among Taiwanese female homemakers. *Luo Lu.* 185–190.
Managing motivational gravity in Malawi. *Stuart C. Carr, Malcolm MacLachlan, Charles G. Zimba, & Mabvuto Bowa.* 659–662.
The measurement and structure of human rights attitudes. *Jeannette Diaz-Veizades, Keith F. Widaman, Todd D. Little, & Katherine W. Gibbs.* 313–328.
Moral reasoning and prosocial action in Italian culture. *Anna Laura Comunian & Uwe P. Gielen.* 699–706.
Motivation and gambling involvement. *Yves Chantal, Robert J. Vallerand, & Evelyne F. Vallières.* 755–763.
The motivation of Australian adolescent schoolchildren to engage in group discussions about bullying. *Ken Rigby.* 773–774.
Need for affiliation and group identification. *J. J. Ray & G. P. Hall.* 519–521.
Parenting among mothers with young children in Mexico and the United States. *Pedro Solís-Cámara & Robert A. Fox.* 591–599.
Passionate love and anxiety: A cross-generational study. *Alvin Y. Wang & Ha T. Nguyen.* 459–470.
Perception of crowding among children and adolescents. *S. P. Sinha, Prakashvati Nayyar, & N. Mukherjee.* 263–268.
Perception of the combined effect of smoking and alcohol on health. *Danièle Hermand, Etienne Mullet, & Béatrice Coutelle.* 167–174.
Person–environment fit in the final jobs of retirees. *Naomi W. Kroeger.* 545–551.
Personality, prayer, and church attendance among U.S. female adults. *John Maltby.* 529–531.
Personality, satisfaction, and organizational citizenship behavior. *Dennis W. Organ & Andreas Lingl.* 339–350.
Predicting retirement anxiety: The roles of parental socialization and personal planning. *Karyl E. MacEwen, Julian Barling, E. Kevin Kelloway, & Susan F. Higginbottom.* 203–213.
The predictive relationship between academic self-concept, achievement expectancies, and grade performance in college calculus. *J. Daniel House.* 111–112.
Predictors of alcohol and drug use: A multi-ethnic comparison. *Keith D. Parker, Greg Weaver, & Thomas Calhoun.* 581–590.
Presence of other drivers as a determinant of traffic violations. *Yoel Yinon & Emanual Levian.* 299–304.
Public and private attributions to luck as a function of social anxiety. *George I. Whitehead III & Stephanie H. Smith.* 537–539.
Public self-presentations and self-conceptions: The moderating role of identity

status. *Michael D. Berzonsky.* 737–745.
The relationship between subjective well-being and psychosocial variables in Taiwan. *Luo Lu.* 351–357.
The relationship between team friendships and burnout among residential counselors. *Louis J. Kruger, Garrett Bernstein, & Harvey Botman.* 191–201.
Relationships among conflict management styles, levels of conflict, and reactions to work. *Deborah Weider-Hatfield & John D. Hatfield.* 681–698.
Risk taking on gender-typed tasks following an assignment based on sex. *James C. Martinez.* 561–572.
Self-perception changes among sports camp participants. *Joseph M. Kishton & Ashley C. Dixon.* 135–141.
Self-regulation and academic procrastination. *Caroline Senécal, Richard Koestner, & Robert J. Vallerand.* 607–619.
Similarities in leisure interests: Effects of selection and socialization in friendships. *Benedykt Fink & Klaus-Peter Wild.* 471–482.
Social desirability among Canadian and Japanese students. *Steven J. Heine & Darrin R. Lehman.* 777–779.
Social influence in one-to-one and group situations: Predicting influence tactics from basic group processes. *Bernard Guerin.* 371–385.
Social value orientations and the expression of achievement motivation. *Michael J. Platow & Roger Shave.* 71–81.
Social work orientation and just world beliefs. *Philip B. Mohr & Giuseppa Luscri.* 101–103.
Stoicism: Its relation to gender, attitudes toward poverty, and reactions to emotive material. *Graham F. Wagstaff & Andrea M. Rowledge.* 181–184.
Stressful life events and psychological status in Black South African women. *Judora J. Spangenberg & Christel Pieterse.* 439–445.
The structure of sociopolitical attitudes in South Africa. *Kevin Durrheim & Don Foster.* 387–402.
Subtle prejudice against women in the Netherlands. *Anneke J. Vrugt & Mary C. Nauta.* 601–606.
Supervisors' interactional styles and subordinates' intrinsic and extrinsic motivation. *Sylvie F. Richer & Robert J. Vallerand.* 707–722.
Territorial influences on the permeability of group spatial boundaries. *R. Steven Schiavo, Kathleen Kobashi, Carolyn Quinn, Amalia Sefscik, & Kyung M. (Lori) Synn.* 27–29.
Training elementary school students to manage conflict. *David W. Johnson, Roger T. Johnson, Bruce Dudley, & Douglas Magnuson.* 673–686.
University students' preferred choices for social support. *Paul R. Robbins & Roland H. Tanck.* 775–776.
The use of group views when giving opinions about unknown, group-salient, or neutral items. *Bernard Guerin.* 57–61.
The use of *masculine* and *feminine* to describe women's and men's behavior. *Campbell Leaper.* 359–369.
Work ethic and loyalty in Canada. *Abbas J. Ali & Ahmed Azim.* 31–37.
